“ Dad, you and I share a lot of memories and I'll be forever grateful for that bond we shared. You have been by my side everyday for 22 years (whether I wanted you there or not) and you never hesitated to help me or my family when we needed you most. You meant the world to me and I hope that when it came time for you to leave us that you knew just how much. I don't know where life will take me but it will seem so empty with you not there by my side. Just know that wherever I go I will carry you in my heart forever. I love you so much and miss you terribly.

“ We go way back, joe and i. Ive known you almost as long as ive known your daughter, my bf rachel. I am eternally grateful that you brought her into this world as she has been a huge part of my life and has helped me through a lot of difficult times. I dont know what i would have done without her. For that i thank you. Since ive known you, You've always been there for your family whenever they needed you and whoever else needed you for that matter. There were times you were there for me when i needed help no matter what it was. I considered you and your family my own. I actually for a while till yuz moved away saw you more than my own father. I know your in a better place now and hope you know you will be missed.

“ Dad, you never said I love you but I always knew you did. I am very happy to have had you as a savior and hope when things got rough. Things will not be the same but somehow I know you will always be there to make a path for me and my sisters to follow. You always wanting to help or give advice whether we wanted it or not. Thank you for all that you have given, and always will even after your passing.

“ Dad, we may not have always seen eye to eye, but I know that you love me. You were always there when I needed you, regardless of what it may have been. You always thought of us girls before yourself. I love you Dad. I miss you so much! I will always love you! I know that you're watching over us everyday and you're no longer in pain. I will see you again someday! Love your littlest brat,Nancy Marie
